

Meridian Offers Leica HDS 6000

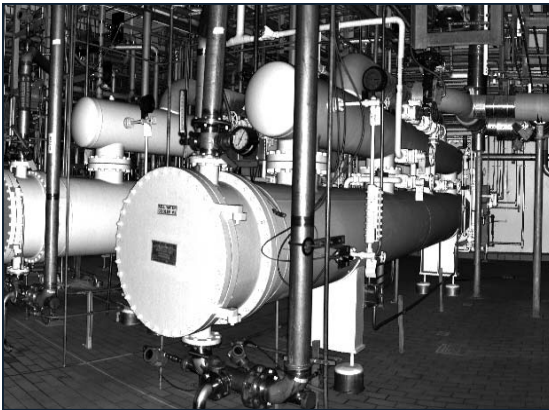

Greetings from Meridian Associates,

We are pleased to announce the addition of the Leica HDS 6000 to our arsenal of scanning and survey resources. This scanner features significant advances that increase the speed and quality of data capture.

The ultra high-speed, phase-based scanner offers 50% greater range and higher accuracy, as well as increased scan density. To learn how your firm and projects can benefit from this technology, please feel free to call us at **(856) 414-1500** for more details.

Best regards,

Greg Lawes

Greater Range !

Higher Accuracy !
